

Leaders in community echocardiography

## Advanced Cardiac Physiologists in Echocardiography (BSE Accredited)

InHealth Echotech is at the forefront in the drive towards community based echocardiography services in the UK. We are seeking suitably qualified Cardiac Physiologists to work as part of a team providing imaging and reporting services in community and secondary care based NHS sites. We have opportunities for Full Time, Part Time and Bank / Sessional work within the Midlands, Oxfordshire, Buckinghamshire and the South of England with competitive rates of pay and additional benefits for permanent staff.

If you would like to discuss these opportunities further please contact Keli Glover, National Operations Director, on 07879 621438 or email [keliglover@echotech.co.uk](mailto:keliglover@echotech.co.uk)

'Of experience of a number of other companies, Echotech is by far the most helpful, structured and well organised'.  
Echotech Staff Satisfaction Survey

INVESTORS  
IN PEOPLE

Gold

At our Last Clinical Training Day, all staff were asked to define Echotech's core values and culture. The responses included: 'Fantastic training and Echotech listens', 'Innovative, reliable and accurate', 'Pride in service, training and audit – friendly', 'Supportive to staff and very impressive in all aspects', 'Patient focused and service driven', 'Clinical excellence – elite', 'Family – excellent relationships with staff', 'Committed to providing a high quality service and values its staff and users', 'Professional, supportive Company – aim for excellence', 'Dynamic and one step ahead'.
